

## **Life at St Andrew's - *Reflecting Rector and Electorate***

Please answer these questions to help us to look at the life of St Andrew's together and discern how we can ensure her future life for future generations. Your honesty will be appreciated do return this anonymously if you would prefer. There are no right answers or wrong answers, but as a community we shape the life of this church and I hope that this reflective process will help us rightly discern the future God would like to see here. Thank you for your time,
